I. INTRODUCTION

Bullock County School System (BCSS) is committed to facilitating learning in a safe, nurturing, and developmentally appropriate environments and to producing college and career-ready students. The Bullock County School System has adopted the Code of Student Conduct to support its mission.

The purpose of this Code is as follows:

1. Create a consistent set of expectations for student behavior in the Bullock County School System.
2. Reinforce positive behavior and provide students with opportunities to develop appropriate social skills.
3. Outline interventions, consequences, or disciplinary procedures for students who engage in inappropriate behavior.

Intervention consequences or disciplinary procedures mean actions taken by teachers, administrators, support staff and parents to teach students the skills necessary for academic and social success. The Code of Student Conduct applies to any student's behavior that occurs on school property, while riding in a school-owned or operated vehicle, at school-sponsored events on or off campus, at designated bus stops, and at any time the student is under school jurisdiction. The Code of Student Conduct also applies to behavior off campus that significantly impacts the educational environment, including the use of social media and electronic communications, etc.

The parent/guardian is responsible for the actions of their child/children and should be involved in their education. They should take special notice of the weapons and controlled substance sections of this Code of Student Conduct as well as the suspension and expulsion provisions. Failure to sign the acknowledgment section will not relieve the student or the parent/guardian from their responsibility to know the contents of the Code of Student Conduct and will not excuse any student's non-compliance with the Code of Student Conduct.

The Bullock County Board of Education (BCBOE) may take all necessary actions to ensure that its facilities, personnel and students are safe and secure, and that the Code of Student Conduct is enforced. Such actions may include the inspection and search of Bullock County School System's facilities and property brought onto any school facility. Students and others may be asked to walk through a metal detection device or to allow a search of personal property when at any school-related event or when entering the school system's property. Any person who refuses to be searched will be denied admission to any school event or facility and will be required to leave the premises immediately.

It shall be the policy of the Bullock County Board of Education to permit law enforcement agencies to make periodic visits to all schools for the purpose of detecting the presence of illegal drugs. Such visits shall be unannounced except to the superintendent of schools and principals of the individual schools that are subject to visitation. The Board will also utilize a narcotics detection dog to deter individuals from bringing illegal narcotics onto school property. The dog will be utilized to conduct random searches on school property, including, but not limited to, school lockers, school classrooms and school parking areas.

Code of Student Conduct

Anything on Bullock County School System's property is subject to inspection to enforce the Code of Student Conduct and to effectuate its purposes, subject only to any restrictions which may be imposed by federal, state or local law.

Additionally, parents/guardians should be aware of the following law: *Section 16-28-12*

Person in loco parentis responsible for child's school attendance and behavior; noncompliance; local boards to promulgate written behavior policy, contents, annual distribution, receipt to be documented; school officials required to report noncompliance; failure to report suspected violation; district attorneys vigorously to enforce provisions.

(a) Each parent, guardian, or other person having control or custody of any child required to attend school or receive regular instruction by a private tutor who fails to have the child enrolled in school or who fails to send the child to school, or have him or her instructed by a private tutor during the time the child is required to attend a public school, private school, church school, denominational school, or parochial school, or be instructed by a private tutor, or fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in any public school in accordance with the written policy on school behavior adopted by the local board of education pursuant to this section and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than one hundred dollars (\$100) and may also be sentenced to hard labor for the county for not more than 90 days. The absence of a child without the consent of the principal/teacher of the public school he or she attends or should attend, or of the tutor who instructs or should instruct the child, shall be prima facie evidence of the violation of this section.

(b) Each local public board of education shall adopt a written policy for its standards on school behavior. Each local public school superintendent shall provide at the commencement of each academic year a copy of the written policy on school behavior to each parent, guardian, or other person having care or control of a child who is enrolled. Included in the written policy shall be a copy of this section. The signature of the student and the parent, guardian, or other person having control or custody of the child shall document receipt of the policy.

(c) Any parent, guardian, or other person having control or custody of any child enrolled in public school who fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with the written policy on school behavior adopted by the local board of education and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be reported by the principal to the superintendent of education of the school system in which the suspected violation occurred. The superintendent of education or his or her designee shall report suspected violations to the district attorney within 10 days. Any principal or superintendent of education or his or her designee intentionally failing to report a suspected violation shall be guilty of a Class III misdemeanor. The district attorney shall vigorously enforce this section to ensure proper conduct and required attendance by any child enrolled in public school.

(School Code 1927, §305; Code 1940, T. 52, §302; Acts 1993, No. 93-672, p. 1213, §1; Acts 1994, 1st Ex. Sess. No. 94-782, p. 70, §1.

3. Respect the rights of students and others.
4. Where appropriate, plan and implement an instructional program which captures the interest and meets the needs of each student.

III. SCHOOL ATTENDANCE/TRUANCY

A. Compulsory School Attendance Laws

State law requires that all children between the ages of six (6) and seventeen (17) attend school. Children may attend public schools, private schools, or church schools. Children may also be instructed by a competent private tutor or in an authorized home school. State law requires that children attending public schools conduct themselves in accordance with the policies listed in the Code of Student Conduct.

Students must be present at school for the entire school day throughout the school year unless a student’s absence is excused under the BCSS attendance policy.

Each parent, guardian, or other person having control or custody of any child required to attend school or receive regular instruction by a private tutor who fails to have the child enrolled in school or who fails to send the child to school, or have him or her instructed by a private tutor during the time the child is required to attend a public school, private school, church school, denominational school, or parochial school, or be instructed by a private tutor, or fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in any public school in accordance with the written policy on school behavior adopted by the local board of education pursuant to this section and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be guilty of a misdemeanor and, upon conviction, may be fined not more than \$6,000.00 (*Code of Alabama 13A-5-12*) and may be sentenced to a term of imprisonment in the county or jail or to hard labor for the county for not more than one year. (*Code of Alabama 13A-5-7*)

The absence of a child without the consent of the principal, teacher of the public school he or she attends or should attend, or of the tutor who instructs or should instruct the child, shall be prima facie evidence of the violation of this section. (*Code of Alabama § 16-28-12*)

B. Truancy Definition (*Alabama Administrative Code, 290-3-1-02(7)*)

A parent, guardian, or legal custodian having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than three school days following his/her return to school. The parent's note will enable the child to make up any work missed or prevent charges from being filed against the parent, guardian, or legal custodian when a child is absent. Failure to furnish an explanation shall be evidence of the child being truant each day he/she is absent. Seven unexcused absences within a school year constitute a student being truant. Affidavits may be filed with the juvenile court with 10 unexcused absences during the academic school year.

Truancy Resolutions/Parental Effects of Compulsory School Attendance Laws

The parent/guardian of any BCSS student under the age of 17 is legally responsible for ensuring their student's adequate and timely school attendance. Therefore, in the event a student is truant pursuant to the Compulsory School Attendance Laws outlined in Section III of the Bullock County BOE Code of Student Conduct manual, the school designee will attempt to initiate contact with parent/guardian, as a means of rectifying the matter amicably. However, depending on the egregiousness of the offense, the BOE may file criminal charges against the parent/guardian due to the student's excessive truancy. Examples of measures to correct/address issues of truancy include, but not limited to:

1. Notification of parent/guardian via phone
2. Written notification of mandatory meeting w/ school administrator(s)
3. Juvenile Probation Officer may be notified and judicial proceedings against parent/guardian may commence
4. Juvenile Petition Complaint filed in Juvenile Court against truant students over 12 years of age
5. Criminal delinquency charges filed in Circuit Court against parent/guardian of truant grade school students under 12 years of age
6. Bullock County DHR may be notified of neglect and egregious violations of the Compulsory School Attendance Law.
7. Parent/guardian may be subject to an invasive and extensive criminal investigation into student's chronic absenteeism by law enforcement authorities

C. Truancy Intervention Program (TIP)

The Early Warning/Truancy Intervention Program is a joint effort by BCSS, the Bullock County District Attorney and the Bullock County Juvenile Court to address truancy and enforce the Alabama Compulsory School Attendance Law. It is designed to improve school attendance, reduce the dropout rate, increase the graduation rate, and provide parents with information that their child is habitually absent from school after the school system has made reasonable efforts to address the student's non-attendance. The District Resource Officers (DRO) are employees of Union Springs Police Department and are responsible for all attendance investigations. They are assigned to the Student Support Services department. DRO's may be contacted at (334) 513-1416.

Truancy Intervention Procedures

1. Following the second unexcused absence, a call will be made to the number that is provided by the parent during enrollment and a notice of absence letter will be sent to the parent/guardian at the address provided during enrollment.
2. Following the third unexcused absence, the District Attorney's (DA's) Office will send an Attendance Alert Letter to the parent/guardian. BCSS will monitor the student's absences.
3. Following the fifth unexcused absence, the student is referred to as an Attendance Intervention Program (AIP) and/or Early Warning (EW) meeting. At the AIP and/or EW meetings, the parent/guardian will meet with the DRO and efforts will be made to link them to services within BCSS and the community, as agreed upon, to eliminate or reduce barriers that prevent the student from attending school regularly.
4. AIP meetings are held at BCSS schools. The students are not required to attend the AIP Meeting because this meeting is held during school hours.
5. EW meetings are held at BCSS with representatives from BCSS, Bullock County County Courthouse, Juvenile Court, and the DA's office. The parent/guardian and student must be present at the EW meeting.

C. Excused Absences

Any absences not falling into the categories listed below or otherwise excused by the superintendent, principal, or the superintendent's designee will be unexcused:

1. Illness
2. Death in the immediate family
3. Inclement weather which would be dangerous to the life and health of the child as determined by the principal and/or superintendent
4. Legal quarantine
5. Emergency conditions as determined by the principal and/or superintendent
6. Prior permission of the principal with the consent of the parent or legal guardian

For these absences to be excused, a parent note or doctor's excuse must be sent to the school within three (3) days of the student's return to school to be counted as an excused absence. See Absence Excuse Note Form.

- **If a student is absent five (5) consecutive days, a doctor's excuse may be required.**
- **Parental excuses are limited to five (5) per semester and no more than ten (10) per school year.**

Chronic Ailment Statement/Physician's Statement of Illness

The parent/guardian of any student who has a chronic illness or condition that may cause the student to miss school can provide a Physician's Statement of Illness verifying the child's condition and that the absences are necessary. The Physician's Statement of Illness must be provided to the school at the beginning of each semester. The Physician's Statement of Illness will automatically expire at the end of the semester. A copy of the Physician's Statement of Illness should be forwarded to the teacher, attendance officer and school nurse. The original should be filed in the cumulative folder. When the student is absent, the parent/guardian is required to send an excuse to explain why the student was absent. If the absence is due to the condition stated in the Physician's Statement of Illness, the parent may simply write, "See doctor's letter". Failure of the parent/guardian to provide the school with excuses may result in unexcused absence accumulation and referral to Juvenile Court.

The Physician's Statement of Illness should be:

- Written on the physician's/medical office letterhead
- Include the signature of physician
- List the diagnosis
- Offer anticipated number of absences (i.e., 3-4 days)
- Inform school district of requirement for returning to the physician's office (i.e., after three (3) absences)
- Provide a list of any physical limitations the student may have in getting to school, (i.e., late or absent on cold days below 40 degrees.)

D. Unexcused Absences

Any absence not listed above in the Excused Absence section or otherwise excused by the superintendent, principal, or the superintendent's designee will be considered unexcused. Examples of unexcused absences include, but are not limited to:

1. Missing the school bus or transportation to school
2. Trips unauthorized by the principal
3. Birthdays or other celebrations
4. Any absence for which a written excuse was not provided within three (3) days from return of absence
5. Any absence due to dress code violation

Make-up Work

A student will have the opportunity to make-up exams/tests or work which occurred during an excused absence or suspension.

- Students shall have two (2) days for each day of excused absence to complete and return make-up work.
- Students shall have the number of days equal to the number of days suspended to complete and return make-up work.

The teacher will provide the student any assignments missed during the absence. It is the responsibility of the student's parent, guardian, or legal custodian to make arrangements with each teacher and make sure make-up work is completed. Make-up work will be permitted only when written excuses from the parent, guardian, or legal custodian have been received in accordance with this policy. If a student who rides a bus is required to remain after school, the parent will be notified in advance. The parent must make arrangements for the child's transportation from school.

F. Check-Outs

Students who leave school for any reason must check-out through the school office following their school's check-out procedure. Only persons whose names appear on the school registration cards may check-out students. Written permission should be given by the parent/guardian or "emergency person" shown on the school registration card before each check-out, except in cases of sudden illness, accident, or similar incident where telephone confirmation is the only alternative. Valid picture identification is required.

Code of Student Conduct

Students must attend a minimum of one-half of the instructional day to be counted present and to participate in extracurricular activities. An early dismissal before one-half of the school day (three and one-half hours) or a check-in after one-half of the school day is counted as an absence.

Check-ins, check-outs, and tardies for more than 50% of the class period will be considered an absence from the class period missed and will be treated as any other absence. In order to be excused, a written explanation for the time missed must be submitted and will follow the same guidelines for excused or unexcused absences as outlined in the Bullock County Board of Education Policy Handbook.

Students are required to report to school no later than the official beginning of the school day and to be on time for all classes during the day. Each school will devise procedures that will ensure compliance with this regulation. Only an individual whose name appears on the registration card can check-in the students unless the school verifies permission with the parent/guardian. Check-ins are excused for the same reasons as absences. Check-ins for any other reason are unexcused and may result in disciplinary action. No make-up work is allowed for unexcused check-ins.

G. Perfect Attendance

A student will not be eligible for a perfect attendance certificate if the student has an absence.

H. Student Incentive Program

Bullock County students are eligible to participate in school incentives/activities if the following criteria are met:

- Five (5) or less excused or unexcused absences per semester.
- No Class II or above offense

I. Alabama Law Enforcement Agency (ALEA) Compliance

Alabama Code Section 16-28-40 - License applicant under 19 to provide documentation of school enrollment, etc.; duties of school attendance official; withdrawal from school; conviction for certain pistol offenses.

(a) The Department of Public Safety shall deny a driver's license or a learner's license for the operation of a motor vehicle to any person under the age of 19 who does not, at the time of application, present a diploma or other certificate of graduation issued to the person from a secondary high school of this state or any other state, or documentation that the person:

(1) is enrolled and making satisfactory progress in a course leading to a general educational development certificate (GED) from a state approved institution or organization, or has obtained the certificate; (2) is enrolled in a secondary school of this state or any other state and has not at the time of application accumulated disciplinary points while a student in school that would extend the age of eligibility for the student to apply for a driver's license; (3) is participating in a job training program approved by the State Superintendent of Education; (4) is gainfully and substantially employed; (5) is a parent with the care and custody of a minor or unborn child; (6) has a physician certify that the parents of the person depend on him or her as their sole source of transportation; or (7) is exempted from this requirement due to circumstances beyond his or her control as provided in this chapter.

(b) The attendance officer or chief attendance administrator, upon request, shall provide documentation of enrollment status and disciplinary points on a form approved by the Department of Education to any student 15 years of age or older who is properly enrolled in a school under the jurisdiction of the official, for presentation to the Department of Public Safety, on application for, or renewal or reinstatement of a driver's license or a learner's license to operate a motor vehicle. Whenever a student 16 years of age or older withdraws from school, the attendance officer or chief attendance administrator shall notify the Department of Public Safety of the withdrawal. Withdrawal shall be defined as more than 10 consecutive or 15 days total unexcused absences during a single semester.

(c) Within five days of receipt of a notice of withdrawal, the Department of Public Safety shall send notice to the licensee that his or her driver's license or learner's license will be suspended under this article on the 30th day following the date the notice was sent unless documentation of compliance with this article is received by the department before the 30th day.

(d) Whenever the withdrawal from school of the student, or the failure of the student to enroll in a course leading to, or to obtain a GED or high school diploma, is beyond the control of the student, or is for the purpose of transfer to another school as confirmed in writing by the parent or guardian of the student, or is for the purpose of participating in a job training program approved by the State Superintendent of Education, no notice shall be sent by the proper school official to the Department of Public Safety to suspend the license of the student. If the student is applying for or renewing a driver's license or a learner's license, the attendance officer or chief attendance administrator, upon request, shall provide the student with documentation to present to the Department of Public Safety to exempt the student from this section. The local superintendent of education with the assistance of the county or city school attendance director as the case may be, and any other staff or school personnel, or the appropriate school official of any private secondary school, shall be the sole judge of whether the withdrawal is due to circumstances beyond the control of the person. Suspension or expulsion from school or imprisonment in a jail or penitentiary is not a circumstance beyond the control of a person.

(Acts 1993, No. 93-368, p. 628, §1; Acts 1994, 1st Ex. Sess., No. 94-820, p. 138, §1; Act 2009- 713, p. 2095, §3.)

J. Report of Withdrawal

For purposes of these procedures only, a student may be considered "withdrawn" from school if he/she is 17 years of age or older. It shall be the responsibility of the local school designee to identify students who have "withdrawn" from school. The local school designee shall complete and file, with the Department of Public Safety, the Enrollment/Exclusion Form (SS401) for every student who is determined to be "withdrawn". Students will not be reported as "withdrawn" if they meet the following criteria:

1. Any student who is withdrawn from school for the purpose of transfer to another school, as confirmed in writing by the student's parent/guardian.
2. Any student who has withdrawn from school for the purpose of participation in a job training program approved by the State Department of Education.

Circumstances Beyond the Control of the Student

1. Students who are mentally or physically unable to attend school
2. Students who are regularly and legally employed under the provisions of the Child Labor Law
3. Students who, because of the distance they reside from school and the lack of public transportation, are compelled to walk more than two miles to attend a public school
(Authority- School Attendance Manual, Alabama State Dept. of Ed. 2011)
4. Does not include suspension or expulsion from school or imprisonment as an Exemption.
(Alabama Code Section 16-28-40)

IV. VIRTUAL ATTENDANCE

Parents/guardians have the legal responsibility to ensure that their child is fully participating in virtual school by monitoring their progress and time spent on daily course work. When a student is unable to participate in daily instruction, parent notes/doctor notes should be submitted. All virtual students are held to the same attendance policies/guidelines as students who are in traditional schools. See Bullock County Board of Education Attendance Policy regarding absence documentation.

Forgery or attempted forgery of documents or currency is prohibited. Deliberate attempts to create, copy or modify official documents or currency using district technology resources may be viewed as a violation of district guidelines and, possibly, as criminal activity under applicable state and federal laws.

Failure to comply with these standards may result in temporary or permanent removal of user access to BCSD Virtual Instruction.

V. STUDENT ENROLLMENT

Admission to public school shall be on an individual basis on the application of the parents, legal custodian, or guardian of the child. Legal custodian and/or guardian of the child must be documented through court order. Authority: Ala. Code §16-28-3(1975).

A. Compulsory Attendance Age

Every student residing in the area served by the Bullock County School System between the ages of six (6) and seventeen (17) years shall be required to attend a state-approved school for the entire length of the school term in every scholastic year. Every student must attend the entire length of each school term through the day preceding the seventeenth (17th) birthday. Students of school age not known to be enrolled in school shall be reported to proper authorities. An accurate record of attendance for each student shall be maintained by the classroom or homeroom teacher or other designated person.

- Beginning with the 2016-2017 school year, Act 2016-297 entitles a child to turn six years old on or before December 31 to start first grade. This extends the timeframe from the current date of on or before September 1 for first grade only – it does NOT extend the timeframe for enrollment in kindergarten. *Authority: Act 2016-297 (HB168).*
- A child whose sixth birthday falls on or before February 2, with the approval of the local board of education, be admitted at the beginning of the second semester in school systems having semiannual promotions of pupils. *Authority: Ala. Code §16-28-4(1975).*
- A child whose fifth birthday falls on or before September 1 (2)* or the date on which school begins in the enrolling district is entitled to admission to the Kindergarten program at the beginning of the school year or as soon as practicable thereafter. *Authority: Ala. - An underage child who transfers to Alabama from the public school kindergarten in another state may be admitted, but must have prior approval of the local board of education. Authority: Ala. Code §16-28-4(1975).
- The age requirements apply to the provision of special education and related services for preschool children with disabilities by the child's third birth date. Public agencies may not use school admission cutoff dates to deny special education services for eligible preschool children. However, these children may not attend the regular kindergarten program, unless they meet the age requirements.

A. Documents Required for School Admission

Any student entering the Bullock County School System, regardless of grade level, shall be required to submit the following:

- 1. Parent/Guardian Photo ID - Valid drivers or non-driver's license**
- 2. Student's Birth Certificate - Proof of age and verification of guardianship if different from birth certificate**
- 3. A current State of Alabama Certificate of Immunization**

Mandatory Immunization Law- Each child enrolled in daycare, Head Start, and public or private school in Alabama must have a valid Alabama Certificate of Immunization on file at the facility that they attend. The certificate may be obtained from the physician or clinic that administers the vaccine or may be completed by any county health department in the state if the parent presents a vaccine record from the provider. For students who are moving to Alabama, out of state vaccine records must be transferred to the Alabama Certificate of Immunization prior to enrollment in daycare, Head Start, or school entry. This may be accomplished by taking a vaccine record from the provider to the local county health department, or if a physician in Alabama has been chosen by the family, the record may be transposed by the physician.

The State of Alabama does not recognize philosophical, moral or ethical exemption from vaccination. A medical exemption may be used by a physician or an Alabama Certificate of Religious Exemption may be obtained from the local county health department. Attendees of day care and Head Start must be age-appropriately vaccinated against Diphtheria, Tetanus, Pertussis, Measles, MuBCSS, Rubella, Haemophilus Influenza Type B, Polio, and Chickenpox.

4. **Two proofs of residence** – At least one primary proof of residence is required annually at registration and may be requested throughout the school year. All documents submitted as proof of residence must contain the parent or legal guardian’s physical address in order for the school to verify that the residence is in zone. (No Post Office Box address will be accepted)

B. Provision for Determining Residence of Students

At the beginning of each school year and with each residence change, the school shall obtain from the parent/guardian at least one (1) of the items described below to demonstrate residence at the address given. The documentation should be kept as a part of the student record.

C. Forms of Acceptable Proof of Residence

4. Correspondence from other U.S. government agencies - (Department of Human Resources, Food Stamp Office)
5. Employment Records - Paycheck stub issued from employer showing physical address of employee within the last 30 days

D. Parent/Custody Issues

Due to the overwhelming number of custody issues involving students, all Bullock County School System employees will follow the procedure as outlined below relating to non-custodial parents' access to student records and visitation. School system employees should not be placed in the position of reading and attempting to interpret divorce decrees to resolve custody issues. The student enrollment card, as completed by enrolling parents, should govern issues related to pick up, visitation etc. of students at school.

The non-custodial parent has the right to receive copies of the child/children's educational records including, but not limited to, a copy of report cards, unless such rights have been specifically revoked by a court order or other legally binding document.

Any specific custody issue should be forwarded to Bullock County School System's board attorney along with a copy of the enrollment card and custody paperwork for review and final interpretation. The primary purpose of our schools is to provide a safe learning environment for all students with our focus on instruction. The schools should not become the environment for parental custody disputes.

E. SCHOOL VISITORS (BOARD OF EDUCATION POLICY)

Parents/guardians and community members are invited and encouraged to visit the school. To ensure the safety of students, staff and visitors, ALL PERSONS (PARENTS, COMMUNITY MEMBERS, VOLUNTEERS, BOARD EMPLOYEES, ETC.) VISITING THE SCHOOL ARE REQUIRED TO ENTER THROUGH THE DESIGNATED MAIN ENTRANCE TO SIGN IN AT THE SCHOOL OFFICE AND PRESENT PROPER IDENTIFICATION, INCLUDING AT LEAST ONE PHOTO ID.

A visitor's pass will then be issued by office personnel. All school visitors must comply at all times with Board of Education policies, administrative rules, and school regulations. Any person entering a Bullock County School System building is subject to a routine hand-held search or walk through a metal detector. This is to include any school sponsored activity on or off school property, and non-school sponsored activities on school property.

1. Parents/guardians are asked to plan any visit so that they arrive at the beginning of classes. The purpose of the visit is to observe. Therefore, parents/guardians should not interact with their child, other students, and/or attempt to have a conference with the teacher.
2. Principal and school administration will reserve the right to limit the number of visitors to a classroom. More than one visitor or a parent with other children could distract students and hinder the learning process.
3. Students on suspension from any schools are not allowed on campus and will be considered trespassing.
4. Students from other schools will be allowed on campus only with the permission of school administration.
5. Parent/guardian conferences with the teacher and/or principal must be scheduled in advance and concluded in a timely manner set by the building principal.

- a. Mutual courtesy and respect should be shown during the conference. Visits may be prohibited at certain times such as: the first and last weeks of school, immediately before or after vacations and other breaks, and while standardized testing or other assessments are being conducted.
- b. Conferences can only be held with a parent/guardian. Parents/guardians must notify the principal in advance if they are requesting that additional persons attend. The principal will have the final decision whether or not additional persons may attend the conferences. If special accommodations are needed for a conference, call the school to make arrangements prior to visit.

6. Disruptive Visitors — Bullock County School System expects mutual respect, civility and orderly conduct from all individuals on school property or at school sponsored activities, no matter his or her status or the purpose of his or her presence. Any person who becomes physically or verbally disruptive on school property may be subject to criminal prosecution as well as termination of visiting privileges. Disruptive conduct includes, but is not limited to, using a raised voice, using profanity, uttering verbal or written threats or employing threatening gestures or otherwise engaging in an action deemed inappropriate by the building administrator. In the event a person visiting school property is deemed to be disruptive, the person will be instructed to leave school property and law enforcement may be called for assistance, if necessary. The building administrator may, with the approval of the Superintendent or designee, issue a no-trespass notice against any person who is deemed to have created a disruption while on school property or at a school-sponsored event. The no-trespass notice shall be in force until such time as the Superintendent or Superintendent's designee deems appropriate to lift that order.

7. All visitors' cell phone calls should be completed prior to entering the building. All electronic devices should be turned off. Visitors should follow all school rules regarding telecommunication devices for students.

VI. SPECIAL POPULATIONS

A. Special Education Students: Bullock County School System provides a free, appropriate public education for students with disabilities between the ages of three and 21, including children with disabilities who have been suspended or expelled from school. A student eligible for special education services must be identified according to the definitions, criteria and minimum evaluative components set forth by federal and state regulations. Guidelines of the Individuals with Disabilities Education Act (IDEA) will be observed when disciplining identified students.

Code of Student Conduct

B. Gifted Program

DEFINITION: Intellectually gifted children and youth are those who perform at or have demonstrated the potential to perform at high levels in academic or creative fields when compared with others of their age, experience, or environment. These children and youth require services not ordinarily provided by the regular school program. Children and youth possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor. Gifted students may be found within any race, ethnicity, gender, economic class, or nationality. In addition, some students with disabilities may be gifted. The Bullock County School System shall prohibit discrimination against any student on the above basis with respect to his/her participation in the gifted program.

The Alabama Administrative Code requires that Local Education Agencies (LEAs) must utilize a variety of service delivery options that may include but are not limited to resource room pull-out, consultation, mentorships, advanced classes, and independent study. Gifted students' need for complexity and accelerated pacing must be accommodated in the general education program. Accommodations may include strategies such as flexible skills grouping, cluster grouping with differentiation, curriculum compacting, subject and grade acceleration, dual enrollment, and advanced classes. Bullock County School System has established a procedure for considering any requests for subject or grade acceleration.

SERVICE DELIVERY: Bullock County has selected the following service delivery options:

- Elementary K-2
Consultation: The gifted specialist consults with general education teachers to address the needs of gifted students in the general education classroom.
- Elementary grades: 3-5 or 6
Resource room-Pull-out in the elementary school
- Middle School
Pull Out/advanced courses when available
- High School
Advanced classes on site in the high school

REFERRAL PROCESS: Teachers, counselors, administrators, parents or guardians, peers, the student him or herself, or any other individuals with knowledge of the student's abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist. For each student referred, information is gathered in the following three areas:

Code of Student Conduct

1. Aptitude- Assessed through an individual or group test of intelligence or creativity.
 2. Characteristics- A behavior rating scale designed to assess gifted behaviors is completed by a classroom teacher.
 3. Performance- At least three indicators of performance at a gifted level such as achievement test scores, grades, products, work samples, and/or portfolios.
- Tests and evaluative materials selected should be sensitive to cultural, economic, and linguistic differences and must be administered by qualified personnel under the supervision of an LEA.
 - For students who exhibit creative thinking abilities the Torrance Test of Creative Thinking must be administered unless the student has been determined eligible with a verbal or nonverbal assessment.
 - To initiate a referral for gifted services, contact the Gifted Referral Screening Team (GRST) Chairperson at the school.

EVALUATION OF GIFTED STUDENTS IN RESOURCE ROOM PULL-OUT

1. General education teachers are to ensure that students are not penalized because of time out of the regular program to participate in the gifted program.
2. A gifted student should not be expected to do the class activities missed while participating in the program and the number of grades should be adjusted accordingly. However, gifted students are expected to complete all homework assignments. If new material is introduced, the student will be instructed by a peer or teacher in a small group or one-on-one setting.
3. If a test is missed because of participation in the program, provision is to be made for a make-up test without penalty to the student. Since a student will miss the same day of regular class each week, provision may need to be made for the student to make up scheduled tests on a regular basis (i.e. Friday spelling tests could be administered on Thursday).
4. The student will receive an evaluation from the gifted teacher at the end of each unit of study. Units of credit are not to be awarded for participation in the gifted program as in the regular program.
5. If a gifted student does not perform satisfactorily in the majority of his/her regular program classes, the provision will be made for a parent conference.

A Gifted Specialist should participate in the conference. A gifted student may not be denied gifted services because of classroom performance or behavior. Only the GEP Committee can make the determination to interrupt gifted services due to behavioral or academic issues.

ACCELERATION

Accommodations for acceleration are available to students who perform above grade level in grades K-12. All requests for acceleration must be made to the principal. Requests for acceleration follow the process in the Bullock County School System's Acceleration Procedure guidelines. A copy of these guidelines is in each school.

C. SECTION 504 STUDENTS

Section 504 of the Rehabilitation Act of 1973 protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance. Pursuant to Section 504, a qualified individual with a disability shall not, solely by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity in the school district. No otherwise qualified individual with disabilities in the United States shall solely by reason of her or his handicap, as defined in section 706(8) of this title, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal assistance or under any program or activity conducted by an executive agency of the United States Postal Service: *(20 U.S.C. Section 794)*

Section 504 regulations require a school district to provide a free, appropriate public education to each qualified student with a disability in the school district, regardless of the nature or severity of the disability. A free, appropriate public education consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of non-disabled students are met.

Students receiving services under Section 504 may not be subjected to a disciplinary change in placement for more than 10 school days unless the Section 504 team first determines: (a) that the behavior giving rise to the discipline was not substantially related to the student's disabling condition or; (b) that the behavior is due to an inappropriate implementation of the plan. This process occurs in a manifestation determination hearing.

SECLUSION AND RESTRAINT POLICY

Bullock County School System shall prohibit the use of seclusion, a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving.

Seclusion does not include — and the Bullock County School System shall allow— the following situations: a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined below; detention; or a student-requested break in a different location in the room or in a separate room.

Code of Student Conduct

Time-Out —A behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used when:

1. The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.
2. The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.
3. The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and has sight of the student while in time-out.
4. The time-out space is free of objects that unreasonably expose the student or others to harm.

BCSS shall prohibit the use of Chemical Restraint, which refers to any medication that is used to control violent physical behavior or restrict the student's freedom of movement that is not a prescribed treatment for the student's medical or psychiatric condition.

BCSS shall prohibit the use of Mechanical Restraint, which refers to the use of any device or material attached to or adjacent to a student's body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. Mechanical Restraint does not include — and BCSS shall allow — an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. In addition, mechanical restraint does not include seat belts and other safety equipment when used to secure students during transportation.

BCSS shall prohibit the use of Physical Restraint that restricts the flow of air to the student's lungs or any method (face-down, face-up, or on the side) of physical restraint in which physical pressure is applied to the student's body that restricts the flow of air into the student's lungs.

1. The principal or designee shall make every attempt to notify promptly (same day) the student's parents or guardian by telephone to explain the circumstances and the terms of the impending suspension.

A copy of the completed "Notice of Suspension" form shall be sent within twenty-four hours. BCSS shall prohibit the use of Physical Restraint which refers to direct physical contact from an adult that prevents or significantly restricts a student's movement except in those situations in which the student is in immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Physical restraint shall not be used as a form of discipline or punishment.

Code of Student Conduct

Physical Restraint does not include — and BCSS shall allow — limited physical contact and/or redirection to promote student safety or to prevent self-injurious behavior, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to location, providing comfort, or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person's property.

BCSS shall utilize the following procedures for use of Physical Restraint:

1. All physical restraint must be immediately terminated when the student is no longer in immediate danger to himself or others or if the student is observed to be in severe distress.
2. Parents shall be provided, at least annually, with information regarding the policy for use of physical restraint.
3. Annual staff and faculty training on the use of physical restraint as well as the Bullock County School System's Seclusion and Restraint Policy.
4. Maintain written or electronic documentation on training provided and a list of participants for each training.
5. Written parental notification when physical restraint is used to restrain their student within one school day from the use of restraint.
6. The use of physical restraint shall be documented by staff or faculty participating in or supervising the restraint for each student, in each instance, in which the student is restrained.
7. Annual report submitted to the Alabama Department of Education regarding the use and documentation of restraint and any prohibited use of seclusion, chemical, mechanical or physical restraint.

Nothing in this policy shall be construed to prohibit an employee of the Bullock County School System, any of its schools, or any of its program employees, from any of the following:

1. Use of any other classroom management techniques or approaches, including a student's removal from the classroom that is not specifically addressed in this policy.
2. The right of school personnel to use reasonable force as permitted under the *Code of Alabama, 1975, 16-1-14* or modifies the rules and procedures governing discipline under the *Code of Alabama, 1975, 16-28-12*.
3. Reasonable actions to diffuse or break up a student fight or altercation.
4. Reasonable action to obtain possession of a weapon or other dangerous objects on a student or within control of a student.
5. Discretion in the use of physical restraint to protect students or others from eminent harm or bodily injury. Nothing in this policy shall be construed to create a criminal offense or private cause of action against the BCSS, or its programs or its agents, or employees.

6. In instances in which a student is an immediate danger to himself or herself or others, the school or program must determine when it becomes necessary to seek assistance from law enforcement and/or emergency medical personnel. Nothing in this policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel. Parents must be promptly informed when students are removed from the school or program setting by emergency medical or law enforcement personnel.

This policy adheres to the Alabama Administrative Code regulation for seclusion and restraint for all students.

VII. STUDENT BEHAVIOR

Bullock County School System has placed an emphasis on school-wide systems of learning support that include proactive strategies for supporting appropriate student behaviors. Two fundamental frameworks used by BCSS are Positive Behavioral Interventions and Supports (PBIS) and Response to Instruction (RtI). PBIS is a research-based, multi-tiered approach to improving student behavior and creating a positive climate and culture that enhances student learning. PBIS provides behavioral strategies to address psychological, social and emotional needs. RtI is a multi-tiered approach to the early identification and support of students with learning and behavior needs. Both frameworks provide early, systematic and intensive assistance to students who are at risk or already underperforming.

The seriousness of the offense, the academic placement, attitude and age of the student, as well as the pattern of misconduct, and the degree of cooperation should be considered in determining the appropriate action. The process is intended to be instructional and corrective. In some instances, restitution may be required. Elementary school students are less mature than secondary school students. Generally, when an elementary student behaves inappropriately, the behavior should be handled differently. Every emphasis should be placed on using corrective strategies to teach appropriate behavior in positive ways.

Based on the Response to Instruction (RtI) framework as outlined by the Alabama State Department of Education, a multi-tiered system of support will be implemented to address the behavioral needs of students. Three tiers of supports are provided to students:

TIER I - All students receive universal support (successful with approximately 80%). The first step in the RtI process for Tier I is to establish a comprehensive school-wide Positive Behavior Intervention Support Plan that includes rewards and consequences for all students. Consistent enforcement of consequences and rewards are essential to a positive learning culture.

Key Components

- Establish 3-5 school-wide expectations
- Explicitly teach and model expectations
- Provide incentives and reinforcement for those who meet expectations
- Provide consistent consequences for those who are not meeting expectations
- Re-teach as necessary. Suggested Strategies
- Incentives and reinforcement for teachers who are implementing PBIS

Code of Student Conduct

- PBIS Events as incentives
- Classroom level incentives and reinforcement systems
- Classroom level modeling and re-teaching Corrective Action
- See Tier I interventions strategies for examples in the Corrective Strategies Guide
- This may include Class I and Class II offenses Tier I Progress Monitoring PBIS team will review discipline data related to their PBIS goals monthly.

TIER II - Some students receive Targeted Support (approximately 15%) The second step in the RtI process is to refer students, who need additional behavioral support, to Tier II. This is in addition to Tier I. The school-based Problem Solving Team (PST) may be convened and a notice of meeting invite provided to the parent/ guardian.

Evidence:

- Teacher Behavior Log
- Daily Behavior/Parent Contact Log
- Office Referrals
- Functional Behavioral Assessment/Behavioral Intervention Plan
 - **Other available data Suggested Strategies**
- Develop a Functional Behavioral Assessment
- Develop a Behavior Intervention Plan
- Refer to East Central Mental Health
- Consider referral to Behavior Interventionist or Social Worker
- Provide advisory/mentoring services
- Loss of participation in PBIS activities
- Small group counseling Corrective Action
- This may include Class I and Class II offenses
- See Tier II interventions list for examples in the Corrective Strategies Guide

Referral to PST: The building administrator may refer students to the Problem Solving Team for Tier II supports if the student has consistently demonstrated disruptive behaviors that impede the learning environment not limited to Out-of-School Suspensions.

Tier II Progress Monitoring: The teacher will monitor the behavior and modify interventions as necessary. The Problem Solving Team (PST) team may intervene and/or reconvene within four to eight weeks to determine next steps.

TIER III - Few students receive Intensive Support (approximately 5%) The RtI-PST facilitator refers to the PST to analyze multiple sources of data to determine Tier II or Tier III interventions
Evidence:

- PST referral form
- Behavior Log
- Daily Behavior Data
- Office Discipline Referrals
- Documentation of interventions Suggested Strategies

- Refer to East Central Mental Health
- Revise the Functional Behavioral Assessment
- Revise the Behavior Intervention Plan
- Refer to school or Community Based Mental Health Services
- Refer for Special Education Services
- Revise IEP/EL intervention plans, if applicable
- Refer to Behavioral Interventionist and/or Social Worker
- Refer to Student Support Service Corrective Action
- **See Tier III interventions list for other examples in the Corrective Strategies Guide**

Referral PST: The building administrator will refer students to the Problem Solving Team (if not referred previously) for Tier III support if the student has consistently demonstrated disruptive behaviors that impede the learning environment not limited to Out-of-School Suspensions and has not responded to Tier II interventions.

Tier III Progress Monitoring: The PST will reconvene within four weeks (elementary schools) or eight weeks (secondary schools) to determine next steps. However, if the behavior continues to increase or new behaviors occur, the team may reconvene earlier. Note: A student who is referred to the Office of Student Support Services for Due Process and/or receives an alternative placement will automatically be referred for Tier III support.

PRINCIPAL'S AUTHORITY

Operating within the specified consequences by offense and level, the principal/assistant principal/designee is granted authority to modify the consequences for violating a rule indicated in the Code of Student Conduct by exercising good judgment in consideration of extenuating factors presented by school system employees, the student or the student's parent or representative. Such factors may include, but are not limited to, the age of the student, the seriousness of the offense, the prior discipline record of the student, the degree of disruption to the educational process, and any other relevant factors. Repetitive instances of misconduct constitute a violation of board policy and will be handled according to consequences under the Code of Student Conduct. Consequences are applicable to all grade levels unless otherwise specified.

CLASSIFICATION OF RULES

Rules of the Code of Student Conduct are divided into five classes: Class I, Class II, Class III, Class IV, and Class V. Consistent enforcement of consequences is essential.

Students are expected to treat other students and staff members with courtesy, respect, and dignity, and to comply with the Code of Student Conduct at all times. This section describes a wide range of behaviors prohibited by students in the Bullock County School System.

Behaviors are divided into five categories based on their severity. Class I and Class II offenses are subject to the discretionary authority of the principal. Class III, IV, and V offenses are more serious and are considered criminal in nature. As students progress through their school career, it is reasonable to assume that an increase in age and maturity implies a greater level of responsibility for their actions. Differences in age and maturity are recognized in determining the level of disciplinary action to be taken.

**Class I – Violations of Classroom Rules
Violations of School Rules and/or Board of Education Policy**

Class I behaviors include student offenses that interfere with the educational process in the classroom or disrupt other areas of school jurisdiction and/or that violate Board of Education policy. Teachers must attempt to resolve Class I behaviors when it is appropriate before referrals are made to the administrator for official disciplinary action.

<i>Class I offenses are cumulative by group for each academic year. The words “Second Offense and Subsequent Offenses” refer to and include all second and subsequent violations of any Class I offense. If the offense is committed by a special education student, please refer to the Special Education section before disciplining the student. If the offense is committed by a Section 504 eligible student, please refer to the 504 section before disciplining the student.</i>				

Class I consequences may not be appealed beyond the principal.
Accumulation of Class I Offenses may be upgraded to a Class II or III Offense.

Class I acts include behaviors that interfere with the educational process in the classroom or disrupt other areas of school jurisdiction and/or that violate Board of Education policy. Teachers are expected to manage general classroom disruptions and distractions and keep a discipline log on each student enrolled in the classroom. The classroom teacher may deal with classroom disruptions by taking in-class disciplinary action, by calling the parent/guardian(s) when feasible, and/or by scheduling a conference with the parent/guardian and other school staff, if necessary. When the action taken by the teacher is ineffective or the disruption is severe, the student should be referred to the principal or his/her designee. A parent/guardian should be notified by the teacher when a student consistently exhibits poor work habits and inappropriate conduct. If the offense is committed by a special education student, please refer to the Special Education section before disciplining the student. However, the principal shall be required to advise the Superintendent of all students out- of-school suspensions.

The school principal or designee has the authority to suspend students from school for up to ten (10) school days (10 days per semester for non-special education students and 10 days per academic year for special education students) in accordance with the administrative response options of the Violation Classification Sections of the Code of Student Conduct.

The following minimal notifications procedures shall be followed in out-of-school suspension cases:

1. Prior to suspension, the student will be accorded informal due process procedures as specified, i.e. a notice of the charge(s) against him/her, evidence supporting the charge(s), and an opportunity to explain his/her side of the situation.
2. The local school principal or designee shall complete and provide the student with a copy (24) hours to the parent or guardian stating the reason(s) such action was taken and the necessary terms of the suspension. The completed form shall be mailed to the address provided in the school records.

No suspended student shall be allowed to leave the school campus during the school day until the student's parent, guardian, or proper authority assumes responsibility for him/her. When a student's parents, guardian, or other designated individual(s) cannot be notified, the student must remain on campus until the end of the school day. At the end of the school day, the student will return home via normal transportation methods.

Immediate removal of a student from a school campus is justified only when his/her presence threatens himself/herself, endangers school property, or seriously disrupts the orderly educational process. If immediate removal is necessary, a parent or guardian must be notified by phone or personally by the principal or designee.

DUE PROCESS

The Board recognizes that observance of applicable substantive due process entails two basic considerations: (1) any objective sought relative to student governance must be legally defensible, e.g., based upon a rational or compelling state interest; and (2) the means taken to accomplish such objective must be within the constitutional limitation applicable to the in loco parentis position of school officials within the School District. To ensure compliance with these two substantive aspects, the Board has approved the following guidelines as applicable to all policies, rules, and regulations.

1. Each local school policy, rule, or regulation shall specify its purpose as it relates to accomplishment of a legally defensible objective.
2. Each local regulation shall be based on a Board Policy.

Code of Student Conduct

3. All policies, rules, and regulations at any level shall be consistent with local, county, or city ordinances, statutes of the State of Alabama, and administrative regulations of duty authorized agencies; e.g. State Board of State Department of Education.
4. Both policies of the Board and regulations designated by local school administrators shall be specific and precise.
5. No Board policy or local school codes of conduct shall deny any student his/her constitutional rights.
6. Discharge of administrative responsibilities and exercise of authority shall recognize applicable legal parameters placed upon the in loco parentis position of school officials.
7. Authority exercised by administrators, teachers, or school officials shall be capable of withstanding close judicial scrutiny and be free from arbitrary, capricious, discriminatory, or otherwise illegal practices.
8. Students, parents, citizens, teachers, and administrators should be participants in developing local school codes of conduct.

Procedural due process within the School District shall relate primarily to the area of discipline and disciplinary measures, e.g., short-term suspension, long-term suspension, and expulsion.

The degree of procedural due process afforded in each of the above situations shall be dependent upon: (1) the gravity of the offense a student is alleged to have committed; and (2) the severity of the contemplated penalty.

Before being punished for violation of Board policies or school regulations, a student shall have the right of the following minimum due process procedures.

1. The student shall be given oral or written notice of the charge against him;
2. The evidence against the student shall be explained to him; and
3. The student shall be given an opportunity to present his own version of the facts concerning the charges.

When a student is facing possible long-term suspension (more than 10 days) or expulsion, the Board shall afford the student the following:

1. The right to an administrative hearing;
2. The right to be represented by an attorney and to present evidence on his/her behalf;
3. The opportunity to question witnesses;
4. A written record at the hearing and a written record of the decision; and,
5. The right to appeal to the Bullock County Board of Education.

A school may not unilaterally expel or cease the provision of educational services to a student with a disability whose education is governed by an individualized education plan (IEP).

VIII. STUDENT ANTI-BULLYING AND HARASSMENT POLICY

The Bullock County Board of Education is committed to providing its students equal educational opportunities in a safe learning environment free from bullying and harassment. These forms of dangerous and disrespectful behavior will not be tolerated.

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff; the educational purpose underlying all school activities; and the care of school facilities and equipment. The board expects district administrators, faculty, staff, and volunteers to demonstrate appropriate behavior, treat others with civility and respect, refuse to tolerate bullying and harassment, and provide positive examples for student behavior.

No student shall be engaged in or be subjected to harassment, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics that have been identified by the Bullock County Board of Education in this policy. Students who violate this policy are subject to disciplinary sanctions.

The complaint must be signed by the student alleging the violation or by the student’s parent or legal guardian and delivered to the principal or the principal’s designee either by mail or personal delivery. At the request of the complaining student or the student’s parent or legal guardian, incidental or minor violations of the policy may be presented and resolved informally.

Code of Student Conduct

B. Upon receipt of the complaint, the principal or the principal's designee will, in his/her sole discretion, determine if the complaint alleges a serious violation of this policy. If the principal or the principal's designee determines that the complaint alleges a serious violation, the principal or the designee will undertake an investigation of the complaint in a reasonably prompt time period taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system.

C. Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy.

Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy is subject to disciplinary sanctions as outlined in the Code of Student Conduct.

D. The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal's designee will inform the student's parent or guardian of the report.

- any activity that intimidates or threatens the student with ostracism, subjects the student to extreme mental stress, embarrassment, shame or humiliation, adversely affects the mental health or dignity of the student, encourages criminal acts or discourages the student from remaining in school.

B. Reporting Bullying and Harassment Behavior

Any student who believes he or she has been the victim of bullying or harassment, or any person with knowledge or belief of such conduct that may constitute bullying or harassment toward a student should immediately report the alleged acts.

The written report may be made to any staff member. The staff member will assist the student in reporting to the principal or other appropriate district personnel. Teachers and other school staff who witness acts of bullying or receive student reports of bullying are required to promptly notify the school principal or his/her designated staff.

Reports should be made on the Bullying/Harassment Complaint Form. The report may be mailed or personally delivered to the principal or his or her designee. The school principal or his or her designated administrator is required to accept and investigate all reports of harassment or bullying. The school principal or designated administrator is required to notify the parent or guardian of a student who commits a verified act of harassment or bullying of the response of the school staff and consequences of the verified act and/or the consequences that may result from further acts of bullying. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report. The investigation shall be completed not more than five business days after the administrator or designated investigator investigating the report receives notice of the complaint, except for good cause shown or with consent of the parties.

The principal or designated investigator shall make a written report to the executive director upon completion of the investigation. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be in violation of this policy, and the proposed discipline, if any.

Appeals from discipline implemented as a result of a bullying complaint against a student shall be handled according to established suspension and due process procedures.

Retaliation against any person who reports or is thought to have reported student harassment or bullying, files a complaint or otherwise participates in an investigation regarding student harassment or bullying is prohibited.

The school administrator investigating the report will make every effort to inform the parents or guardians of the complainant and individual(s) against whom the complaint was filed prior to the investigation taking place. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint was filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of other methods or documents deemed relevant by the investigator.

C. Consequences for Bullying or Harassment Behavior

Verified acts of bullying or harassment shall result in disciplinary action and/or corrective action reasonably calculated to end the identified conduct, deter future conduct and protect the complainant and other similarly situated individuals. In imposing disciplinary and corrective measures, the district shall take into account the harm the victim and other members of the school community suffered and any damage to school property. IX. GRIEVANCE PROCEDURES

Students have both the right and the responsibility to express school-related concerns and grievances to the teachers and school administrators.

The normal procedure followed by any student regarding a personal grievance is to discuss the matter with the teacher involved. When the nature of the grievance dictates otherwise, the student, upon notifying the teacher directly involved, may request a meeting with the school principal. Such meetings should be granted within two (2) school days at a reasonable time and place. One faculty member of the student's choice or his/her parent(s) or guardian(s) may be present at such a meeting. For the purpose of this policy, a grievance is defined as a claim submitted by a student of a violation, misinterpretation, or inequitable application of local board policy, local school rules and regulations, or local administrative procedure.

The term "grievance" shall apply to matters which fall within the discretionary powers of the principal, Superintendent, and/or Board, but shall not apply to areas where the principal, the Superintendent, and/or Board has no authority to act. It is expected that most student grievances will be resolved satisfactorily at this level.

However, in the event that the grievance cannot be settled by this procedure, then the student through his/her parent(s) or guardian(s) may pursue the grievance to the Superintendent and then to the Board.

A. Discrimination Grievance (Title IX, ADA, Title VI and Section 504)

ANTI-DISCRIMINATION POLICY

13. In the event a person files a complaint under multiple areas or otherwise has several avenues available under the Board of Education policies and procedures, those policies and procedures may be consolidated in order to achieve a prompt and equitable resolution of the complaints, when doing so will not deprive the grievant of any rights granted under any of the separate policies and procedures. However, under no circumstances shall the filing of a grievance complaint stay or otherwise delay other administrative proceedings.

14. The Board of Education will take all appropriate steps to prevent the recurrence of any discrimination as identified in this policy and to correct discriminatory effects on the grievant and others, if appropriate.

15. Individuals shall not be subjected to retaliation because they filed a grievance, appeal or participated in an investigation pursuant to the grievance procedures.

16. The superintendent will be the chief academic officer (CAO) or his/her designee.

X. BUS RULES/PROCEDURES

It is illegal for unauthorized individuals to enter a school bus. Violators will be prosecuted. Parents/guardians and other individuals are not authorized to enter a school bus. See the Charles “Chuck” Poland, Jr., Act, Ala. Code §13A-7-4.2 (1975). Any concerns regarding bus procedures should be directed to the school principal/assistant principal and/or the District Transportation Supervisor.

To maximize safety and assure fair consideration of others’ welfare, bus drivers and school officials must set high standards of student conduct. Public transportation is a **privilege** and certain behaviors are expected of students who participate in the district transportation program. The driver of the school bus will assume such authority for supervision of students who are transported to or from school as may be assigned by the transportation supervisor. The bus driver will maintain student discipline and will supervise conduct for all students who are assigned to the driver transportation route. Students are required to dress according to school board policy.

XII. GENERAL POLICY STATEMENTS

A. PRINCIPAL'S AUTHORITY

The principal is granted authority to modify the consequences for violating a rule indicated in the Code of Student Conduct by exercising good judgment in consideration of extenuating factors presented by school system employees, the student or the student's parent or representative. Such factors may include, but are not limited to, the age of the student, the seriousness of the offense, the prior discipline record of the student, the degree of disruption to the educational process, and any other relevant factors.

Repetitive instances of misconduct constitute a violation of board policy and will be handled according to consequences under the Code of Student Conduct. Consequences are applicable to all grade levels unless otherwise specified.

B. AMNESTY/SURRENDER CLAUSE

A student who discovers, or realizes that he/she has possession of items that violate district policy while on school property shall, upon discovery, immediately turn in the prohibited items to school personnel, or notify them of the whereabouts of the items. Upon turning the item in, the student shall not be subject to any disciplinary consequence.

This amnesty does not apply when the items are discovered by someone else, for example, in a school-wide search. It also does not apply when an administrator's investigation reveals that the student has used the items for prohibited purposes.

C. CORPORAL PUNISHMENT POLICY

Bullock County School System does not advocate the use of corporal punishment. Corporal punishment will not be administered to any students.

D. SEARCHES AND/OR INSPECTION OF SCHOOL PROPERTY

The building principal and his/her designees may conduct legally appropriate searches. All searches must be conducted in the presence of two BCSS employees, one of which must be a building administrator. Students will not be involved in conducting searches.

- 1. Property Searches** — Lockers, desks, and other school property will be subject to search. Although a student may exercise exclusive control of his/her locker as opposed to access to fellow students, the control is not exclusive against school officials. School officials may search or authorize a search of vehicles, on school property, when there is reasonable suspicion to believe prohibited materials are being concealed. The student will be invited to be present during the search, except in cases of clear and present danger to life, health, or property.

- 2. Bodily Searches** — School officials may conduct bodily searches of students whenever there is reasonable suspicion to believe the search will reveal a violation of school policy or produce evidence of unlawful activity, but it cannot be invasive. Metal detectors, either walk-through or hand-held, may be used to facilitate the search. Searches should be conducted on a same-gender basis.
- 3. Confiscation** — Any unlawful, disruptive, dangerous material, or other property held in violation of board policy found in or on school premises may be confiscated. Any other items or materials deemed inappropriate to possess on school property may also be confiscated. School officials accept no responsibility for safeguarding confiscated items.

I. BEHAVIOR DURING EXTRACURRICULAR ACTIVITIES

Students participating in extracurricular activities must comply with the established rules and regulations governing student behavior set by the State of Alabama and the Bullock County Board of Education. Participation in extracurricular activities is a privilege, not a right. All students engaging in extracurricular activities are expected to be on their best behavior at all times. If a student engages in prohibited behavior (i.e. profanity, fighting, violations of state law and district policy, or any other prohibited behavior which results in removal from an extracurricular activity) one or more of the following consequences may apply:

- **Suspension from the activity;**
- **Removal from the team or club;**
- **Suspension from school for violation of state law or district policy; and/or**
- **Recommendation for expulsion/due process hearing.**

The school sponsor in charge of the extracurricular activity will document any student misbehavior and refer the student to an administrator for disciplinary action upon the student's return to school. The school sponsor will confiscate and document any physical evidence that is a violation of state law and board policy, as well as secure statements from the student who has allegedly committed an offense and all witnesses to the incident. Should the confiscated evidence be controlled substances or weapons, law enforcement officials shall be notified immediately.

Attending school-sponsored activities away from the regular school setting and participating in extracurricular activities are valuable parts of a comprehensive educational experience. To ensure that these activities are successful, administrators must clearly explain behavioral expectations to students, parents, sponsoring staff members and chaperones. Students must encourage and display appropriate behavior as well to make these activities beneficial and productive.

School Sponsored Activities

Any school sponsored activity is under the jurisdiction of the Bullock County School System. Any person that is not a student at the school that is sponsoring the activity must have permission from the school principal to attend that activity. Any student that is under a suspension may not attend any school sponsored activity. All students that attend the alternative school are under a long term suspension, therefore they must have permission from the base school principal to attend any activities at that school.

J. INTERNET ACCEPTABLE USE POLICY

The Bullock County Board of Education provides computers as tools to enhance students' learning. The district's computer network and the Internet, whether used on or off-campus; whether owned by the school district or by the student or his/her family; whether accessed on campus or off campus during or after school hours; may not be used for the purpose of harassment of any kind. All forms of harassment over the Internet (commonly referred to as cyberbullying) are unacceptable and will be viewed as a violation of school board policy and the district's acceptable computer use policy and procedures.

Malicious use of the district's computer system is prohibited. Users are responsible for the appropriateness of the material they transmit over the system. Hate mail, harassment, discriminatory remarks, or other antisocial behaviors are expressly prohibited.

Students and community members who believe they have been the victims of such misuses of technology, as described in this policy, should not erase the offending material from the system. A copy of the material should be printed and brought to the attention of the school administrator.

The administration shall fully investigate all reports of cyberbullying. In situations where the cyberbullying originated from a non-district owned computer, but was brought to the attention of school officials, any disciplinary action will be based upon whether the conduct is determined to be substantially disruptive of the educational process so that it interrupts or impedes the day-to-day operations of a school. In addition, such conduct must also violate another district policy. Such conduct includes, but is not limited to sexual or racial harassment, and threats made on or off school grounds to kill or hurt a staff member or student.

Disciplinary action may include: the loss of computer privileges, suspension, or expulsion for verified perpetrators of cyberbullying. In addition, when any kind of threat is communicated or when a hate crime is committed, the administration will report such crimes to local law enforcement officials.

Consequences

Parental conference to loss of Internet privileges.

If a violation of this rule also violates other Class II and/or C offenses, other consequences will be imposed.

XIII. Alabama State Department of Education Policy on the Use of Digital Devices during the Administration of a Secure Test

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student's test will be invalidated.

Local education agency (LEA) personnel will make all students, parents, and/or guardians aware of this prohibition through inclusion of this policy in the Code of Student Conduct and other regularly used modes of communication.

Alabama State Department of Education Suggested Guidelines for the Search of Digital Device Seized During the Administration of a Secure Test (Revised May 18, 2011)

Please note that these guidelines were created with the assumption that students (and preferably parents) have been notified (verbally and in writing when at all possible) that: (1) the possession of a digital device is strictly prohibited during the administration of a secure test; (2) if the device is used during the administration of a secure test, the device will be confiscated and is subject to a search; and (3) if the device is used during the administration of a secure test, the student's test will automatically be invalidated. The suggested guidelines are as follows:

1. Assuming that a student is observed in the possession of or use of a digital device during the administration of a secure test, the device will be confiscated by the test administrator. "Smart phones" should temporarily be turned off to help prevent any remote-access data-wipe.
2. The test administrator should deliver the device as soon as practicable to a school administrator.
3. A "chain of custody" list should be kept to record everyone who had possession of the device and when the device was transferred to someone else. The device should be stored by the school administrator in a secure location until the next step is taken.
4. For the purposes of determining whether a search of a digital device should take place, the school administrator should:
 - a. Learn the facts regarding the seizure of the device from the test administrator.
 - b. Determine whether it is reasonable under all the circumstances to believe that the student could have been using the device to cheat or for some other undetermined purpose.

Code of Student Conduct

5. If the school administrator determines that the student was merely in possession of the digital device then it may be returned to the student in accordance with the school system's policy.
6. If the school administrator believes that it is reasonable to suspect that the student was using the device for an impermissible purpose then he or she may search the device, limiting the search to only what is necessary to reasonably determine whether the student was cheating, copying secure test information, or violating a school rule. The school administrator should follow the local policy requirements regarding the search of student property.
7. If no wrongful activity is discovered on the device, then it may be returned to the student in accordance with the school system's policy.
8. If wrongful activity is discovered on the device regarding the test at issue or, if other wrongful activity is inadvertently discovered on the device, then the school administrator should secure the device in accordance with the school system's policy and notify the system test coordinator, school system attorney, or local superintendent as appropriate.
9. Following a search in which wrongful activity is discovered, and when the device is a "Smart phone," the device should be turned off after the search to help prevent a potential remote-access data-wipe.
10. Any disciplinary actions should be taken in accordance with the school system's disciplinary policy.
11. Test irregularity reports should be completed in accordance with the Alabama State Department of Education's Student Assessment Handbook.
12. In any situation involving the search and seizure of a student's property, a school administrator should consult with his or her supervisor in accordance with the school system's policy.

The Alabama Educator Code of Ethics defines the professional behavior of educators in Alabama and serves as a guide to ethical conduct. The code protects the health, safety and general welfare of students and educators; outlines objective standards of conduct for professional educators; and clearly defines actions of an unethical nature for which Ethical Administration of Assessments. The Alabama Student Assessment Program Handbook illustrates professionally responsible and ethical practices in educational assessment for use by all individuals engaged in the administration, interpretation, and use of state standardized assessments, and in the reporting of results from these assessments.

These individuals include, but are not limited to, classroom teachers, principals, school psychologists, superintendents, district staff, (ALSDE) staff, and educational research and policy professionals.

XIV. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are: The right to inspect and review the student’s education records within 45 days after the day the school receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

1. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write to the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

2. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

[NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

3. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office

Washington, DC 20202

Bullock County School System will release this information when requested unless notified in writing by the parent/legal guardian of the eligible student by October 1, that such information not be released. Directory opt out notifications should be mailed via U.S. Postal Service or hand delivered to the Office of Student Support Services, 108 Hardaway Avenue West, Union Springs, AL 36089.

5. The Bullock County Board of Education recognizes the right of the United States Armed Forces' recruiters to have access to secondary school student information. These recruiters will be provided “directory information,” including students' names, addresses, and telephone numbers unless a parent notifies the district in writing that the student's information should not be disclosed without prior written consent. See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student.

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State Educational Agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs.

These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

Code of Student Conduct

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

XVI. UNSAFE SCHOOL CHOICE OPTION

1. Definitions: A transfer option school (TOS) in the state of Alabama is one in which for three consecutive school years the school has expelled one percent of the student population or five students (whichever is greater) for violent criminal offenses committed on school property during school hours or committed at school-sponsored activities. The words “transfer option school” means a “persistently dangerous school” as those words are used in the *No Child Left Behind Act of 2001*, Public Law 107-110, Title IX, *Sec.9532* (a) and (b). For the purpose of this definition, a “violent criminal offense” shall mean homicide; robbery; assault in the first and/or second degree; sexual battery (including rape), as these offenses are defined in the Criminal Code of Alabama (see *Sec.13A-6-1, et. seq., Ala. Code 1975*); and use of a handgun, firearm component, explosive, knife, and other “unknown weapons” as defined by the Student Incident Report (SIR).

2. A student who becomes a victim of a violent criminal offense committed on school property during school hours or at school-sponsored activities shall be given an opportunity to transfer to a safe public school within the Local Education Agency. The LEA or district shall notify the student’s parent/guardian of the right to transfer as soon as practicable, not to exceed 10 calendar days from the date of a final determination by the school board or its designee that a violent criminal offense has occurred. All LEA transfer procedures will be observed.

It shall be the policy of the Alabama State Department of Education (ALSDE) to notify the LEA annually when one or more of its schools have been identified as a transfer option school.

Each superintendent or his or her designee shall orally notify the Prevention and Support Services Section of the State Department of Education within 24 hours of the decision that a violent criminal offense has occurred, followed by written confirmation. The State Department of Education will assist the LEA in resolving all safety issues. At a minimum, an LEA that has one or more schools identified as persistently dangerous must:

Code of Student Conduct

Step 1. Notify parents/guardians of each student attending the school within 10 working days that it has been identified as a transfer option school and offer students the opportunity to transfer to a safe public school within the LEA if another school is available.

Step 2. Complete the transfer for those students who opt to do so within 20 working days.

Step 3. Develop a corrective action plan to be submitted to the SDE for approval within 20 working days of the LEA's receipt of status.

Step 4. Implement the corrective action plan.

Once a school has been identified as a transfer option school, it can return to safe status by (1) completing steps 1-4 above and (2) completing two consecutive years with less than one percent of the student population or five students (whichever is greater) expelled for violent criminal offenses as defined in its policy.

XVII. POLICIES FOR ELL, HOMELESS, MIGRANT & NEGLECTED STUDENTS Education for Homeless Children and Youth Program

The McKinney-Vento Homeless Assistance Act

The Education for Homeless Children Youth Program is funded under the McKinney-Vento Homeless Assistance Act, Title IX, Part A, of the Every Student Succeeds Act 2015. The program is designed to ensure that homeless children and youth have access to the same free, appropriate public education that is provided to all children.

Who is homeless?

The McKinney-Vento Act defines “homeless children and youth” as individuals who have a lack of fixed, regular and adequate nighttime residence. The term includes:

- Children and youth who are:
 - sharing the housing of other persons due to loss of housing, economic hardship, or similar reason (doubled-up);
 - living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations;
 - living in emergency or transitional shelters; - abandoned in hospitals; or
- Children and youth who have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, regular sleeping accommodation for human beings;
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children who qualify as homeless because they are living in circumstances described above.

Identification of “homeless” will be determined on a case-by-case basis by the Homeless Education liaison (334) 513-1416. The definition above will be used but the relative permanence of the living arrangements will also be considered.

Students classified as “homeless” are required to follow all protocols and board policies according to the Code of Student Conduct at school and all school activities.

EDUCATION FOR HOMELESS CHILDREN AND YOUTH

Policies and Forms on Homeless, Migrant, English Language Learners Neglected and Delinquent Students.

English Language Learners

Bullock County School System, within thirty (30) days of the beginning of the school year, will inform a parent of identification of a student for participation in the limited English proficient program. The notification will include the following information:

- The reason for the identification of the student as limited English proficient and the need for placement in language instruction.
- The child's level of English proficiency and the method used for assessment as well as the status of the child's academic achievement.
- The method of instruction to be used in the language program and how the class differs in content, goals and methods from the regular English class.
- The way the program will meet the education needs of the child and build on strengths.
- The way the program will help their child learn English and meet age appropriate academic achievement standards for grade promotion and graduation.
- Specific exit requirements from the program and transition back into the regular English class.
- Services for a child with disabilities to meet objectives of the individualized education program.
- The right of parents to have their child removed from a special language program.
- Options parents have for other kinds of service if they decline enrollment in the program for limited English proficient students.

Parents will also be notified within fifteen (15) days if the system fails to make progress on the annual measurement achievement objectives. All information provided will be in a uniform and understandable format and to the extent practical in a language that parents can understand.

XVIII. PROCEDURES FOR ADMINISTERING MEDICATIONS

1. All prescription medication must be registered in the school office.
2. A school employee trained to assist with medications will supervise the taking of prescription medication when the School Medication Prescriber/Parent Authorization has been completed.

Note: This form must be completed by the parent/guardian and the prescribing physician before school personnel can assist with medication.

3. The current prescription bottle must be labeled with the child's name and must indicate specific directions. The time to be given must be a specific time (for example, noon, 11 a.m., etc.) during the school day. Samples from doctors are acceptable, but must be accompanied by a doctor's written orders to administer, including the child's name, name of medication, and the time and amount to be taken.
4. Changes in medication or medication dosage will require a new School Medication Prescriber/Parent Authorization form and a new prescription bottle.
5. School employees will not assume responsibility for supervising the taking of nonprescription medication or over the counter (OTC) medications. OTC medications will not be administered at school unless the medication is prescribed by a doctor or clinic and the medication is in a prescription bottle with the same directions required for prescriptions. A School Medication Prescriber/Parent Authorization form must be completed.
6. All medication is required to be delivered to the school office by the parent/guardian. Parents/guardians are required to meet with the School Nurse or trained Medication Assistant to verify and document medication count and authorization forms.
7. Medication will be dispensed as specified until the parent requests, in writing, to discontinue or until the supply is depleted. Parents will be notified when supply is nearly depleted to allow opportunity for replenishment.
8. Parents/guardians are responsible for picking up any remaining medication at the end of the school term. Any medication left at the school following the last day of the school term will be disposed of without notification to the parent.
