American Education Week

Nov. 18-22, 2019

"What a school thinks about its library is a measure of how it feels about education!"
~Harold Howell, Former U.S. Commissioner of Education

Belief

The Bullock County Board of Education believes the school library media center is a fundamental part of the educational program.

Philosophy

The availability of many materials in a variety of formats presents to students and teachers the opportunity of selecting materials best suited for individual needs and modes of learning.

The Bullock County High School Library Media Center is a center for the entire school. Teachers and students can find a variety of materials to meet their needs. The media center provides opportunities for individual and small groups for viewing, listening, and studying, as well as research, class instruction, and independent reading.
